CNA
Certified Nurse Aide
2019 to 2023

by Bettina von Schweinitz

Introduction

In 2019 I was talking with the Director of Nursing (DON) at Pflugerville Nursing Care Center. Mutti was a resident at this Nursing home, and I was spending quit a bit of time there. It was a nice center with lots of activities and personnel. She recommended that I take a Certified Nurse Aide (CAN) course, because I was so good at taking care of Mutti. I seemed to have a natural ability.

I began a 6-week course on 22 March 2019 at Healthcare Career Centers. Mutti's health declined and I did not finish the course until 13 October 2019. I was certified until 13 October 2021.

In March of 2020 I briefly worked for BrightStar. About 2 weeks.

In July 2021, I took the online courses and applied for a 2-year re-certification. I was certified only until 3 July 2023, which is two years after my last date of employment. I had helped Catherine from 25 June 2021 to 5 July 2021 with caring for her face surgery wound.

In June 2023, I took the online courses and applied for another 2-year re-certification. I had taken care of Chris from 30 March 2021 to 10 November 2021 during his heart attack re-habilitation. I was certified only until 10 November 2023, two years after my last date of employment (Chris).

I had to be tested for TB so I went to CVS on the 25th. But had to wait 2 days for my arm to be 'read'. I was negative.

The classroom work was 2 weeks. It consisted of 10 chapters, each ending in a test. We also had a test on Abbreviations, suffixes, and roots. That test was the hardest for me. I spent the whole two weeks studying for this last test.

Then one week each at two different Nursing Home Facilities
We went to Bel Air at Teravista in Round Rock the first week
Then we spent a week at San Gabriel in Round Rock

This is our class on our last day at San Gabriel. I am in back row 2nd from left.

The rest of the class went on to the clinical practice lab. But Mutti's health had declined and she had fallen at the Nursing Home. She had cut the back of her head badly. HCC said that once Mutti's health improved, I could return and finish my clinical practice lab and take the final written and skills test.

2019 CNA Course August

Mutti's health did not improve and she eventually went into Hospice care, then died on 8 June 2019. I had to have some time to recover and to deal with distributing the estate. I decided to begin the course from the start again. Being part of the class dynamics is important to me. So, I signed up for the course again starting 26 Aug 2019.

The course consists of 2 weeks of Classroom lectures ending September 11th.
Because of Labor Day weekend, our end dates were shifted.

Two weeks of practical skills in two Nursing homes ending September 25th.

Two weeks in the practice Lab at HCC ending October 9th.

Then on Sunday October 13th have the Certification written and skills tests.

This time the Nursing homes were Falcon Ridge and San Gabriel.

As part of our Practical Skills test, we will be asked to do five of these skills while being observed and graded.

SKILL 1 — HAND HYGIENE (HAND WASHING)

- 1 Address client by name and introduces self to client by name *put 2 paper towels by sink*
- 2 Turns on water at sink
- 3 Wets hands and wrists thoroughly
- 4 Applies soap to hands
- 5 **Lathers all surfaces of wrists, hands, and fingers producing friction, for at least 20 (twenty) seconds, keeping hands lower than the elbows and the fingertips down**
- 6 Cleans fingernails by rubbing fingertips against palms of the opposite hand
- 7 **Rinse all surfaces of wrists, hands, and fingers, keeping hands lower than the elbows and the fingertips down**
- 8 Uses clean, dry paper towel/towels to dry all surfaces of fingers, hands, and wrists starting at fingertips then disposes of paper towel/towels into waste container
- 9 Uses clean, dry paper towel/towels to turn off faucet then disposes of paper towel/towels into waste container or uses knee/foot control to turn off faucet
- 10 Does not touch inside of sink at any time

Before we start the 5-skills we have to demonstrate that we can wash our hands. We have to follow these steps exactly. We are not allowed to touch the faucet or any part of the sink with our hands. Hard to avoid touching sink when it is a small bathroom sink with the tiny faucet.

SKILL 4 — ASSISTS WITH USE OF BEDPAN

- 1 Explains procedure speaking clearly, slowly, and directly, maintaining face-to-face contact whenever possible
- 2 Privacy is provided with a curtain, screen, or door
- 3 Before placing bedpan, lowers head of bed
- 4 Puts on clean gloves before placing bedpan under client
- 5 Places bedpan correctly under client's buttocks
- 6 Removes and disposes of gloves (without contaminating self) into waste container and washes hands
- 7 After positioning client on bedpan and removing gloves, raises head of bed
- 8 Toilet tissue is within reach
- 9 Hand wipe is within reach and client is instructed to clean hands with hand wipe when finished
- 10 Signaling device within reach and client is asked to signal when finished
- 11 Puts on clean gloves before removing bedpan
- 12 Head of bed is lowered before bedpan is removed
- 13 Ensures client is covered except when placing and removing bedpan
- 14 Empties and rinses bedpan ~~and~~ ^{and dry} pours rinse into toilet
- 15 Places bedpan in designated dirty supply area
- 16 Removes and disposes of gloves (without contaminating self) into waste container and washes hands
- 17 Signaling device is within reach and bed is in low position

Every skill has detailed steps to follow.

Texas Certified Nurse Aide NNAAP® Examination Results

Exam: Written

Results: Pass

Congratulations! You have passed the Certified Nurse Aide Written Examination in Texas.

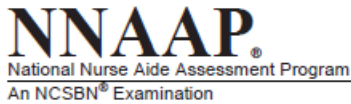

Once your test results are sent to the Texas Department of Aging and Disability Services you will be placed in “Active” status on the Texas Nurse Aide Registry. If you also passed the Skills Evaluation you will be receiving your nurse aide certificate in the mail. For on line verification you may search the Texas Nurse Aide Registry on Pearson VUE’s website at :

<https://hhs.texas.gov/doing-business-hhs/licensing-credentialing-and-regulation/nurse-aide-registry>

First was the written test. If you passed then you could do the skills test.

During the skills test, the observer is watching for each step and also that you are acting natural with your ‘patient’.

We alternated being ‘patient’ and Aide. We were randomly selected as partners. So, we had to practice with everyone in the class. When we were a ‘patient’ we were not supposed to give hints or automatically do a step. Luckily, I was paired with a student that was even better than me on following the steps. There are ways you can quietly indicate what the next step will be. Then we switched and I hope I was just as good a ‘patient’ for his test. We both passed.

I passed.

Congratulations!
This is your Texas Nurse Aide Registration (wallet identification card.) You have successfully completed training and competency evaluation requirements and will be listed on the Texas Nurse Aide Registry.

YOU are responsible for:

- Updating your address in the Nurse Aide Registry online system. To access the registry, login to your Credential Manager account at <https://i7p.integral7.com/txna> and select the Registry link on the HOME PAGE.
- Renewing your nurse aide certification

YOU need to know:

- Your nurse aide registration will expire up to 24 months after being added to the Registry or 24 months after the last date of verified employment. To continue registration, you must provide verification of paid employment as a nurse aide. If there is a gap of 24 months (or more) in employment, you will be required to retest.
- A nurse aide must complete at least 24 hours of in-service education every two years that includes training in geriatrics and the care of residents with a dementia order, including Alzheimer's disease, to renew a listing of active status on the Texas Nurse Aide Registry. Please visit the following websites for information on how to obtain in-services education.

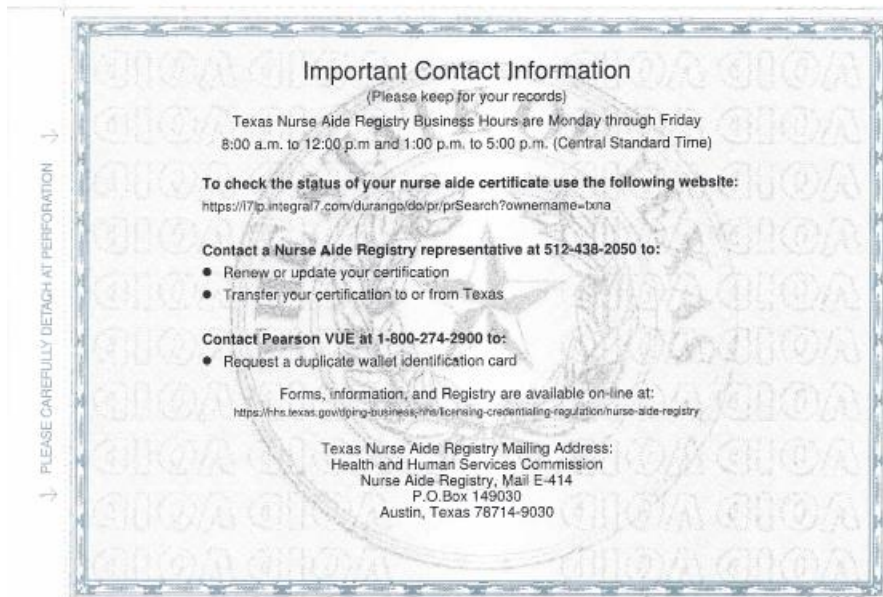

<https://hhs.texas.gov/nar-cbts>

or

<https://hhs.texas.gov/nar-approved-in-service>

- Incidents of abuse, neglect and misappropriation of resident property by a nurse aide are reported to the Nurse Aide Registry. If you are reported to the Registry for such an incident, you may become permanently unemployable as a nurse aide in Texas.

2020 BrightStar May and June

In November/December 2019 the COVID19 (Corona Virus) pandemic hit. By May of 2020 we were under lock-down and all wearing N95 masks. People were getting sick and could not work. Or they stopped working to protect their own health or the health of their family members. The Health Care Service industry got hit hard. There were fewer employees but more customers.

On 19 May 2020 while I was walking around BlackHawk subdivision I received a phone call from BrightStar. I had been aimlessly walking every morning just to get out of the house. There was nothing to do because of the lock-down. No stores, no YMCA, no socializing. Rowena was good. Finally, someone who needed me. So, I said yes to their interview the next day.

I worked the next Friday May 22nd 1pm-5pm, Saturday 23rd 8am-4pm, Monday 25th 10pm-8am (Tuesday), and Tuesday 26th 10pm-8am (Wednesday). Then I

resigned on the 27th Wednesday. The client that I was assigned to from 10pm-8am in Lakeway looked just like Mutti. I was stressing out. I would sit on the bottom of the steps so that I could look into their bedroom to make sure she was okay. Then when I did get home and tried to sleep, I would wake up at the slightest sound and have to go into Mutti's and Papa's bedroom to make sure all was okay. I expected to see Mutti in bed. A couple of times, when I did not see her in bed, I worried and checked the bathroom. I was losing it. I called my Physician at the VA Dr Ortiz on Friday and she said the situation was not good and agreed that resigning was the best action. And that I probably was not ready yet to take care of somebody else's "Mutti".

2021 Re-certification July

In 23 March of 2021 Chris had a heart attack. After his surgery he went to Park Bend Re-habilitation Center. It did not go well and Chris ended up in the Emergency Room again. We convinced his heart surgeon, Dr King, that it was better for Chris to do his re-habilitation at my house. The house was still set up for Mutti and Papa and their re-habilitations. And I was a CNA. So, on 23 April, Chris moved in with me until 12 June.

From 24 June 2021 until 5 July 2021, I help Catherine with her wound care from her face surgery.

On 6 July 2021, I checked the website to see if BrightStar had reported me because I had resigned so suddenly without a two-week notice. They had not. So, I was good to re-certify.

From 6 to 9 July 2021, I went on line and took all the Continuing Education classes that I needed to re-certify. My certification did not expire until 13 October 2021, but I thought it was better to do the work now.

CERTIFICATION LETTER

Certification: TX Nurse Aide (TXCNA)
 Certificate #: NA0060050256
 Certification Date: 10/13/2019
 Expiration Date: 07/05/2023

Dear Bettina:

Prometric is hosting the Texas Nurse Aide and Medication Aide Registries and your certification history is included in our database. Per our records, you have met all of the certification requirements for the TX Nurse Aide (TXCNA) program, and you are a TX Nurse Aide (TXCNA) in good standing. Please note your Certificate Number and Expiration Date above.

You will need to log in to your TXCNA portal dashboard to review and update your profile demographics. If your demographics are not complete or accurate, this could prevent you from receiving important notifications from HHSC. You will complete this task by following the below instructions.

On 27 July I received my re-certification and was not good until 5 July 2023, which is two years after my last date of ‘employment’.

2023 Re-certification June

Since Catherine's Face surgery wound care and Chris' heart attack re-habilitation, I had not really done any CNA type work. I thought I could re-new based on the few months that I had helped Chris.
