

Tina's NickNacks

Pre 2022

by Bettina von Schweinitz

Introduction

Over the years I have either made things or accumulated items that have a sentimental value to me. Since I had to downsize in 2022, I gave many of the items away, but first I took their photo. It was a hard decision as to which to keep and which to remember through photos.

Craft items that I made are in the compendium “Tina Crafts Completed Book Pre2022”. Items that were inherited from our Parents are in compendium “Book of Heritage Items”.
